Making Connections

The mission of Do Good Roseville is to 'make connections to share ideas and information which have a positive impact on our community. This year we're very excited that as a member of the Roseville Area Schools Community Advisory Committee, for School Year 23-24 we are partnering with the Roseville School District to lead a series of meetings designed to build relationships and partnerships between the community and our school district.

Community Partnerships

- Civic organizations
- Service organizations
- Fraternal organizations
- Government
- Faith communities
- Non-profit organizations
- Businesses
- Others?

We know that our community provides a great deal of support to our schools and students, and this year we are focusing our efforts on identifying the relationships that already exist and building new relationships. Each meeting focuses on a different type of partnership, beginning with businesses.

Last month McGough Construction did a presentation of the many ways they are connected with the schools, especially in the area of career readiness. On December 6 at 11 am (via Zoom), we will continue to talk about opportunities for partnerships with businesses. If you or your business would like to be included in the meeting, or if you'd like more information on future meetings, please email Jenny Loeck, Superintendent, jenny.loeck@isd623.org or Kathy Ramundt, kramundt@hotmail.com
